YOUR FAMILY'S HEALTH IS AT RISK

- The Ministry of Energy through the Ontario Power Authority is proposing to build an 850 MW Gas-fired Power Plant in **YOUR** community, that will **ADD** to the already toxic levels of pollution that we are breathing today
- While this decision is opposed by Mississauga Mayor Hazel McCallion and Council, Mississauga South MPP Charles Sousa and MP Paul Szabo, the school board trustees, and Residents Associations, including the Mississauga Residents' Associations Network (MIRANET), **THIS IS NOT ENOUGH. WE NEED ALL RESIDENTS OF OUR COMMUNITY TO PARTICIPATE!!!**
- Come out and join us at the rally with our Mayor, local, provincial and federal politicians, and all of the volunteers who have been working hard in support of the fight against the decision to build the Power Plant in **YOUR** community. Bring your own signs and placards displaying **YOUR** opposition with the Ministry of Energy and the Ontario Power Authority's decision to **IGNORE THE HEALTH CONCERNS** in **YOUR** community
- **BE THERE** as we present the Mayor with the petition gathered with thousands of signatures. **BE THERE** to learn what we can all do to help the Mayor win this fight for **YOUR** health!!
- Spread the word, sign a petition and come out with your children, friends and family. Let your voice be heard!

The greater the numbers that turn out, the greater the **VOICE** we will have.

REMEMBER EVERY BODY COUNTS!
